

Les Sensibles

Les Sensibles 2018 Vin de Pays d'Oc

Merlot - 0.75L

SHORT DESCRIPTION

Very intense nose of ripe red fruit, velvety feel at the start, juicy in the end.

Climate:

Dry and warm Mediterranean climate throughout the entire year, characterized by its mild winters and really hot summers.

Soil:

Pebbled soil with high amounts of clay and limestone, mixed with fluvial alluvium sediments.

Vinification:

Traditional vinification; de-stemming, short maceration with skins, light pressing, alcoholic fermentation.

LES SENSIBLES

Les Sensibles is a range of a few individual grapes where by combining and selecting different vineyards, the best possible wine is obtained from each grape. By blending the diverse qualities of each lieu-dit, each grape can be presented in its most complete and optimal form. This results in a few wines in which the pure character of the grape is central. The wines are not influenced by wood aging or anything similar, but can be tasted in all their simplicity. The region around Sommières is one of the most privileged terroirs in Languedoc. Each bottle exudes the warm cordiality and joie de vivre of the sunny south. This range offers a complex enrichment for many festive tables and parties all of a kind.
